Philips ProScreen 4700 LCD Projector

The Philips ProScreen 4700 is ideal for office environments, providing bold visuals and easy interfacing. This LCD projector boasts a desktop shape, measuring 13.0 x 6.5 inches. Its rugged frame of 16.54 lb, proves resistant to scratches, sudden impacts, and other workspace hazards. This is necessary for busy offices, providing users with a secure option for every presentation. The Philips multimedia projector also embraces imagery. A 600 ANSI function creates saturated frames. The 1280x1024 resolution provides high-definition results. This LCD projector features analog formatting as well, with 24-bit support ensuring bright colors. Even viewers sitting in the back of dark conference halls will see frames clearly with the Philips ProScreen 4700. Interfacing during meetings or mergers with the Philips multimedia projector is also simple. HDTV, Mac, and PC options ensure quick results. Users now choose the platforms that best suit their presentations, taking advantage of a LCD display. With the Philips ProScreen 4700 projector visuals and compatibility combine for office ease.
