

NEW! - Bandsaw Basato 3h vario

73190911; 73190912

The improved Basato 3h vario – now with continuous variable speed.

The Basato 3h vario is the perfect machine for sawing wood, plastics, foam material and non-ferrous metals such as copper and aluminium.

The Basato 3h vario is operated with a variable speed drive, meaning it is possible to set the most effective cutting speed for the specific material currently being cut. Without having to stop the machine or spend time changing the V-belt, speed can be continuously varied within a range of 370 to 750 m/min.

The new Basato 3h vario offers you a 205 mm depth of cut with up to 306 mm width of cut capacity and is equipped with a quick-action tensioning system for setting the exact blade tension. Now add the proven precision 3-roller guiding system above and below the table and you will have a love affair with your new bandsaw.

The saw is housed in an impressively compact and rigid construction.

Technical data

L/W/H mm	860/600/960
Table size mm	548 x 400
Table adjustment °	-8 to +45
Blade wheel Ø mm	315
Sawblade length mm	2,360
Sawblade width min.-max. mm	3,0-20
Cutting speed m/min.	370-750
Clearance height/width mm	205/306
Suction connector Ø mm	100
Weight approx. kg	69

Motor

	220-240 V/ 50 Hz	400 V/ 50 Hz
Input kW (HP)	0.8 (1.1)	0.7 (1.0)
Rpm	1,400	1,400

Order No.	7319 0911	7319 0912
